Table (A): Fees collected from vessel owners or agents

1 Port or Harbor Fees

Item No.	Description	Rate in riyals	Unit
1.1	Port Entry Fee	1000	for each visit by a vessel
1.2	Port Exit Fee	1000	for each visit by a vessel
1.3	Waste Disposal Fee	100	for each vessel per day or part thereof
1.4	Passenger Departure Fee	50	for each passenger

Notes:

- The waste disposal fee specified in item (1.3) of Table (A) shall be collected regardless of whether or not the vessel benefits from such service.

Exemptions:

- The following vessels shall be exempted from the port fees specified in items (1.1), (1.2) and (1.3) of Table (A):
 - o Any vessel with a net tonnage of less than 150 tons.
 - o Sailing ships, dhows, and launch barges (boats).
 - o Fishing and excursion boats unless they occupy space on a commercial berth.
 - o Tugboats, barges, rigs, launches, and other vessels the operation of which under ordinary conditions does not require going beyond territorial waters, unless they occupy space on a commercial berth.
 - o Military vessels.
 - o Fishing boats operating in high seas if they occupy space on a commercial berth.
- Travelers for Hajj and Umrah shall be exempted from the fees specified in item (1.4) of Table (A).

Table (B) First: Charges collected from vessel owners or agents

1 Charges for Maritime Services

1.1 The charges of pilotage, mooring services, rope handling, and vessel traffic services, including the use of tugboats, line-handling boats, and pilotage launches, shall be applied to each vessel in the following cases:

- Arrival at the port.
- Departure from the port.

This shall be based on the vessel gross tonnage as follows:

Item No.	Description	Rate in riyals	Unit
1.1.1	500 tons or less	2500	
1.1.2	More than 500 up to 3000 tons	1.15	per ton
1.1.3	More than 3000 up to 15000 tons	0.17	per ton
1.1.4	More than 15000 tons	0.10	per ton

1.2 Half the charges specified in item (1.1) of Table (B) First shall be collected for transferring the vessel from one berth to another within the port upon the request of the vessel owner or the agent.

1.3 Collecting charges for the vessel's use of the berth based on vessel's gross tonnage, shall be as follows:

Item No.	Description	Rate in riyals	Unit
1.3.1	500 tons or less	500	per day or part thereof
1.3.2	More than 500 up to 3000 tons	1000	per day or part thereof
1.3.3	More than 3000 up to 15000 tons	1500	per day or part thereof
1.3.4	More than 15000 tons	2000	per day or part thereof

1.4 Charges for the vessel's use of anchorage area, based on the vessel's

Table (B) First: Charges collected from vessel owners or agents

gross tonnage, shall be as follows:

Item No.	Description	Duration of stay at anchorage area	Cost in riyals	Unit
1.4.1	3000 tons or less	less than 48 hours	250	per day or part thereof
1.4.2	More than 3000 tons	less than 48 hours	500	per day or part thereof
1.4.3	3000 tons or less	More than 48 hours	1000	per day or part thereof
1.4.4	More than 3000 tons	More than 48 hours	2000	per day or part thereof

Notes:

- The vessel's gross tonnage is the gross registered tonnage (GRT) or gross tonnage (GT). If the vessel uses both, the charges shall be calculated based on the higher figure in accordance with items (1.1), (1.2), (1.3), and (1.4) of Table (B) First.
- The charges specified in item (1.1) of Table (B) First shall be collected whether the vessel receives all the services or part thereof. Vessels that do not require the use of tugboats as part of their service shall be charged half of the specified charges.
- Vessels requiring special treatment due to its inability to use the engines or due to a defect in the rudder or the like shall be charged double the fees specified in item (1.1) of Table (B) First.
- The duration of a vessel's usage of the berth as specified in item (1.3) in Table (B) shall commence from the time of its arrival at the berth and shall end upon its departure therefrom. Every 24 hours or part thereof shall be deemed one day.
- The charges specified in item (1.3) of Table (B) First shall not be collected for the following periods:
 - A vessel's period of stay at a berth for non-handling operations upon a written request from a government agency.
 - A period of complete halt in handling operations for more than 24 hours for reasons beyond the control of the vessel's owner or agent.
- Regarding the use of the berth area specified in item (1.3) of Table (B) First, any vessel occupying the commercial berth due to the vessel failing to vacate the berth one hour after the port control vessel departure clearance shall be charged 500 SAR per hour. Overstay charges shall not include overstays resulting from port operators' errors such as incorrect lashing, damage to the container or vessel structure by the operator, and the like, or as a result of an emergency.

Table (B) First: Charges collected from vessel owners or agents

- With respect to item (1.4) of Table (B) First, the duration of a vessel's usage of the anchorage area shall commence from the time it enters the area and ends with its departure therefrom. Every 24 hours or part thereof the vessel occupies the anchorage area shall be deemed one full day.
- The charges specified in (1.4) of Table (B) shall not be collected if the vessel remains in the anchorage area due to a lack of space in the berth.

Exemptions:

- The following vessels shall be excluded from charges specified in item (1) of Table (B) First:
 - o Military vessels
 - o Fuel supply vessels, water supply vessels, excursion vessels, fishing vessels, tugboats, service launches, and barges. Half the charge specified in (1.3) of Table (B) First shall be collected if said vessels occupy space on a commercial berth.

2 Charges for loading and unloading cargo between the vessel and the berth (ship-to-dock), excluding transit and transshipment operations

2.1 Charges of handling services for customs inspection for imported loaded containers:

Item No.	Description	Rate in riyals	Unit
2.1.1	Containers of 20 feet or less	460	per container
2.1.2	Containers longer than 20 feet	550	per container

Notes:

- The customs inspection service specified in item (2.1) of Table (B) Second shall include:
 - Transferring containers to the custom's x-ray scanning area using the station's trailers.
 - Transferring the container to the storage area upon completion of x-ray inspection.
 - Transferring containers, the customs inspection of which does not require the unloading of its contents, to the delivery area.
 - The handling charges in the event customs release requires the unloading of the contents of the container and reloading them, provided that the cargo is stowed inside the container in a way that permits unloading and reloading the contents mechanically using handling equipment.
- Regarding item (2.1) of Table (B) Second, any instance of container rescanning request due to cargo owner documentation error shall be charged at 540 SAR per container. This tariff shall include Lift-on Lift-off charges, transferring containers to the custom's x-ray scanning area using the station's trailers and transferring back the container to the storage area upon completion of x-ray inspection.

Table (B) Second: Charges Collected from the owners of cargo

3 Charges for ancillary services related to the port services for containers, flatbeds and trailers

3.1 Charges of container/trailer destuffing or stuffing:

Item No.	Description	Rate in riyals	Unit
3.1.1	Destuffing the contents of containers/trailers	180	per unit
3.1.2	Stuffing containers/trailers	180	per unit
3.1.3	In addition to the charges specified in Table (B) Second items (3.1.1) and (3.1.2) above, the following amounts shall be collected if the cargo are stacked inside the container in a manner in which handling equipment cannot be used:

3.2 Palletization at CFS including pallet cost shall be charged 82 SAR per pallet.

3.3 Failure of the owner of cargo to attend on the agreed upon time for customs inspection of the cargo in containers shall result in returning the containers to the stacks of imported cargo, setting a new date, and payment of a charge of 240 SAR for each operation.

3.4 Transferring the contents of a container or trailer to another container or trailer and stacking and stowing them (for non-customs purposes):

Item No.	Description	Rate in riyals	Unit
3.4.1	Non-refrigerated	360	per unit
3.4.2	Refrigerated	500	per unit

3.5 Any additional requirement for Lift on/Lift off (LoLo) services requested by the cargo owner for O/D containers or flatbeds within the boundaries of the port shall be charged as follows, excluding LoLo included in the Terminal Handling Charges:

Table (B) Second: Charges Collected from the owners of cargo

Item No.	Description	Rate in riyals	Unit
3.5.1	Lift-on for O/D containers/flatbeds	80	per unit
3.5.2	Lift-off for O/D containers/flatbeds	80	per unit

3.6 Any additional requirement for trailer movement of O/D containers or flatbeds within the terminal requested by the cargo owner shall be charged 200 SAR per unit, excluding trailer movement included in the Terminal Handling Charges.

3.7 Any additional requirement for trailer movement of O/D containers or flatbeds between different terminals in a port (Inter-terminal transfer) requested by the cargo owner shall be charged at 200 SAR per unit.

3.8 Any transfer of late containers/flatbeds to the area of abandoned shipments shall be charged 200 SAR per unit.

3.9 Shifting of the leaking containers to designated area shall be charged 600 SAR per container. Such tariff shall include Lift-on Lift-off charges and trailer transportation of the container to the designated area.

3.10 Connecting a refrigerated container or trailer to an electric current, operating, or supplying it with fuel, and monitoring its temperature shall be charged 200 SAR per day or part thereof beyond 3 days from the date of unloading.

4 Charges for ancillary services to the port services for refrigerated and frozen cargo

4.1 The charges for refrigeration services for refrigerated and frozen cargo shall be collected in addition to the storage charges specified in Table (B) Second (5) of this table:

Item No.	Description	Rate in riyals	Unit
4.1.1	For any period during the first three days	20	per ton or part thereof
4.1.2	Beyond 3 days	20	per ton or part thereof per day or part thereof

5 Storage Charges

Item No.	Description	Rate in riyals	Unit
5.1	Storage charge for cargo types other than containers	20	per ton or part thereof per day or part thereof

Table (B) Second: Charges Collected from the owners of cargo

Notes:

- The storage charge for cargo types other than containers specified in item (5.1) of Table (B) Second shall be collected until the date of exit of the cargo from the port.
- The storage charge for imported or exported general cargo specified in item (5.1) of Table (B) Second shall be collected for their period of stay at the port after 15 days from the date of completion of unloading from the vessel or the date of receipt at the port facilities. Storage time is calculated based on the actual number of storage days, including any public holidays.
- The storage charge for imported or exported Ro-Ro cargo as specified in item (5.1) of Table (B) Second shall be collected for their period of stay at the port after seven days from the date of completion of unloading from the vessel or the date of receipt at the port facilities. Storage time is calculated based on the actual number of storage days, including any public holidays.
- The storage charge for imported or exported other cargo specified in item (5.1) of Table (B) Second, with the exception of containers, general cargo and Ro-Ro, shall be collected for their period of stay at the port after 10 days from the date of completion of unloading from the vessel or the date of receipt at the port facilities. Storage time is calculated based on the actual number of storage days, including any public holidays.

Exemptions:

- Bulk cargo in silos, including cement, grains, oils, chemicals, and the like as well as project cargo at industrial ports shall be exempted from the storage charge specified in item (5.1) of Table (B) Second.

5.2 Storage charges for import loaded Containers, Trailers or Flatbeds (Standard containers and all the classes of the International Maritime Dangerous Goods Code (IMDG) except classes 1, 5, and 7)

Item No.	Description	Rate in riyals (20 ft container)	Rate in riyals (40 ft container)	Unit
5.2.1	The first 3 days from the date of the container's discharge from the vessel	Exempted	Exempted	-
5.2.2	From day 4 to day 10	350	450	per day or part thereof
5.2.3	From day 11 to day 15	400	500	per day or part thereof
5.2.4	From day 16 and beyond	500	600	per day or part thereof

Table (B) Second: Charges Collected from the owners of cargo

5.3 Storage charges for import loaded containers, trailers or flatbeds (for IMDG classes 1, 5, and 7)

These categories of goods are subject to direct delivery and cannot be stored at the port. In the event of an extreme emergency, storage charges are collected as follows:

Item No.	Description	Rate in riyals (20 ft container)	Rate in riyals (40 ft container)	Unit
5.3.1	The first 3 days from the date of the container's discharge from the vessel	Exempted	Exempted	-
5.3.2	From day 4 to day 10	500	600	per day or part thereof
5.3.3	From day 11 to day 15	550	650	per day or part thereof
5.3.4	From day 16 and beyond	650	750	per day or part thereof

5.4 Storage charges for export loaded containers, trailers or flatbeds (standard containers and all IMDG classes except classes 1, 5, and 7)

Item No.	Description	Rate in riyals (20 ft container)	Rate in riyals (40 ft container)	Unit
5.4.1	The first 10 days from the date of the container's arrival at the port	Exempted	Exempted	-
5.4.2	From day 11 to day 14	250	350	per day or part thereof
5.4.3	From day 15 to day 20	400	500	per day or part thereof
5.4.4	From day 21 and beyond	500	600	per day or part thereof

Table (B) Second: Charges Collected from the owners of cargo

5.5 Storage Charges for export loaded containers, trailers, or flatbeds (for IMDG classes 1, 5, and 7)

These categories of goods are subject to direct delivery and cannot be stored at the port. In the event of an extreme emergency, storage charges are collected as follows:

Item No.	Description	Rate in riyals (20 ft container)	Rate in riyals (40 ft container)	Unit
5.5.1	The first 5 days from the date of the container's arrival at the port	Exempted	Exempted	-
5.5.2	From day 6 to day 14	250	350	per day or part thereof
5.5.3	From day 15 to day 20	400	500	per day or part thereof
5.5.4	From day 21 and beyond	500	600	per day or part thereof

Notes:

In Table (B) Second items (5.2), (5.3), (5.4), and (5.5):

- Storage time is calculated based on the actual number of storage days, including any public holidays.
- Storage charges for Out-of-Gauge (OOG) / Over-dimensional-Cargo (ODC) shall be charged three times the standard storage rates.
- Storage charges for leaking containers in the designated area shall be charged at SAR 500 per container per day or part thereof. In addition, charges for shifting of the leaking containers to designated area shall be charged based on item (3.9) of Table (B) Second.
- For exports, storage free time is calculated from the date of the arrival at the port and for imports, storage free time is calculated from the day of discharge from the vessel.
- Free time shall apply only once to a given Container, Trailer, or Flatbed during each passage through the port, irrespective of any change in the relevant user or terminal.

6 Other ancillary services charges for imported or exported cargo

Any additional non-maritime service shall be charged, and the party requesting the service shall provide the necessary materials. The actual cost shall be calculated as per the charges for used equipment and manpower according to Table (AS).

**Table (T) Charges for Transit and Transshipment Services Collected
 from Vessel Owners or Agents**

1 Charges for handling transit and transshipped cargo

1.1 Handling transit and transshipped general cargo:

Item No.	Description	Rate in riyals	Unit
1.1	General cargo	15	per ton or cubic meter or part thereof, whichever is higher

1.2 Handling transit and transshipped self-propelled vehicles and equipment shall be charged according to their weight as follows:

Item No.	Description	Rate in riyals	Unit
1.2.1	Less than 3 tons	100	per unit
1.2.2	From 3 to 10 tons	150	per unit
1.2.3	More than 10 and up to 40 tons	400	per unit
1.2.4	More than 40 tons	1000	per unit

1.3 Handling transit and transshipped livestock

Item No.	Description	Rate in riyals	Unit
1.3.1	Sheep	2	per head
1.3.2	Other Livestock	5	per head

1.4 Handling transit and transshipped bulk cargo

Item No.	Description	Rate in riyals	Unit
1.4.1	Bulk cargo	8	per ton or part thereof
1.4.2	Bulk cargo for port projects which are handled using their equipment, including cargo that is handled on project berth at industrial ports	4	per ton or part thereof

1.5 Handling transit and transshipped loaded or empty Containers, Trailers, or Flatbeds

1.5.1 Containers, Trailers, or Flatbeds handled to and from Ro-Ro vessels (Ro-Ro Operations):

Item No.	Description	Rate in riyals	Unit
1.5.1.1	20 feet or less	270	per unit
1.5.1.2	Longer than 20 feet to 40 feet	400	per unit
1.5.1.3	Longer than 40 feet	540	per unit

1.5.2 Containers, trailers, or flatbeds handled to and from cellular vessels:

Item No.	Description	Rate in riyals	Unit
1.5.2.1	20 feet or less	280	per unit
1.5.2.2	Longer than 20 feet to 40 feet	420	per unit
1.5.2.3	Longer than 40 feet	560	per unit

Table (T) Charges for Transit and Transshipment Services

1.5.3 Containers, trailers, or flatbeds handled to and from non-cellular vessels:

Item No.	Description	Rate in riyals	Unit
1.5.3.1	20 feet or less	400	per unit
1.5.3.2	Longer than 20 feet to 40 feet	600	per unit
1.5.3.3	Longer than 40 feet	740	per unit

1.6 Handling transit and transshipped prefabricated houses

Item No.	Description	Rate in riyals	Unit
1.6.1	20 feet or less	400	per unit
1.6.2	Longer than 20 feet	600	per unit

Notes:

- In Table (T) item (1.1), general cargo shall include all cargo, except vehicles, self-propelled equipment, livestock, bulk cargo, or cargo loaded onto containers, flatbeds, or trailers.
- General cargo that requires special equipment or treatment as part of its handling service shall be subject to the charges specified in Table (T) item (1.1) above as well as to charges for any additional services rendered thereto according to item 5 in Table (T).
- General cargo handled using container cranes shall be charged three times the charges specified in Table (T) item (1.1) above.
- Trailer heads shall be subject to Table (T) item (1.2) above, and the trailer attached to the head shall be subject to Table (T) item (1.5.1).
- Automobiles and self-propelled vehicles which cannot be driven to or from the vessel for any reason, including lack of fuel therein or unsuitability of the vessel, shall be charged three times the charges specified in Table (T) item (1.2) above.
- Tracked vehicles must be mounted on trailers or flatbeds and shall be subject to Table (T) item (1.5.1). If such vehicles are equipped in a manner that will not cause damage to the port, they shall be subject to Table (T) item (1.2) above.
- The above charges in item (1) in Table (T) shall be collected for the entire cycle which includes the container move from the stowed position on the

Vessel to the Point of Rest in the yard and then the container move from the Point of Rest in the yard to the stowed position on the Vessel.

2 Charges for ancillary services related to handling transit and transshipped Containers, Trailers, or Flatbeds

2.1 The container or flatbed that requires additional holders as part of its handling service shall be charged additional 300 SAR per unit.

2.2 Destuffing, sorting, and stacking the contents of a container or a split-trailer shall be charged as follows:

Item No.	Description	Rate in riyals	Unit
2.2.1	20 feet or less	850	per unit
2.2.2	Longer than 20 feet to 40 feet	1700	per unit
2.2.3	Longer than 40 feet	2250	per unit

2.3 Any additional requirement for Lift on/Lift off (LoLo) services requested by the vessel owner/ agent for T/S containers/flatbeds within the boundaries of the port shall be charged as follows.

Item No.	Description	Rate in riyals	Unit
2.3.1	Lift-on for T/S containers / flatbeds	60	per unit
2.3.2	Lift-off for T/S containers / flatbeds	60	per unit

2.4 Any additional requirement for trailer movement of T/S containers or flatbeds within the terminal requested by the vessel owner /agent shall be charged at 200 SAR per unit.

2.5 Any additional requirement for trailer movement of T/S containers or flatbeds between different terminals in a port (Inter-terminal transfer) requested by the Vessel owner or agent shall be charged at 200 SAR per unit.

2.6 Any transfer of late T/S containers or flatbeds to the area of abandoned shipments shall be charged 200 SAR per unit.

2.7 Shifting of the T/S leaking containers to the designated area shall be charged at 600 SAR per container. This tariff shall include Lift-on Lift-off charges and trailer transportation of the container to the designated area.

2.8 Connecting a refrigerated T/S container or trailer to an electric current, operating, or supplying it with fuel, and monitoring its temperature shall be charged as follows:

Table (T) Charges for Transit and Transshipment Services

Item No.	Description	Rate in riyals	Unit
2.8.1	For first three days (From the date of unloading)	134	per day or part thereof
2.8.2	Beyond 3 days	200	per day or part thereof

3 Charges for ancillary services relating to handling transit and transshipped refrigerated and frozen cargo

3.1 The charges of refrigeration services for T/S refrigerated and frozen cargo shall be collected in addition to the storage charges specified in item 4 in Table (T):

Item No.	Description	Rate in riyals	Unit
3.1.1	For any period during the first three days (From the date of unloading)	10	per ton or part thereof
3.1.2	Beyond 3 days	10	per ton or part thereof per day or part thereof

4 Storage charges for transit and transshipped cargo

4.1 Storage Charges for transit and transshipped containers, trailers, or flatbeds (standard containers and all IMDG classes except classes 1, 5, and 7):

Item No.	Description	Rate in riyals (20 ft container)	Rate in riyals (40 ft container)	Unit
4.1.1	The first 30 days from the date of the container's discharge from the vessel	Exempted	Exempted	-
4.1.2	From day 31 to day 40	6	12	per day or part thereof
4.1.3	From Day 41 to day 50	30	60	per day or part thereof

4.2.5	From day 61 and beyond	300	400	per day or part thereof

4.3 Storage charges for other types of transit and transshipped cargo shall be 10 SAR per ton or part thereof per day or part thereof until the date of exit of cargo from the port

Notes:

- Regarding transit and transshipped containers, trailers, or flatbeds in Table (T) items (4.1) and (4.2), storage charges for leaking containers in the designated area shall be charged at SAR 500 per container per day or part thereof. In addition, charges for shifting of the leaking containers to designated area shall be charged as specified in Table (T) item (2.7) above.
- Regarding transit and transshipped containers, trailers, or flatbeds in Table (T) items (4.1) and (4.2), storage charges for Out-of-Gauge (OOG) / Over-dimensional -Cargo (ODC) containers shall be charged three times the standard storage rates.
- Storage time in Table (T)(4) is calculated based on the actual number of storage days, including any public holidays.
- Storage free time in Table (T)(4) is calculated from the day of discharge from the vessel.
- Free time in Table (T)(4) shall apply only once to a given Container, Trailer or Flatbed during each passage through the port, irrespective of any change in the relevant user or terminal.

Exemptions:

- Bulk cargo in silos, including cement, grains, oils, chemicals, and the like, shall be exempted from storage charges in Table (T) item (4.3).

- Transshipped cargo at Jazan Port, Yanbu Commercial Port, and King Fahd Industrial Port in Yanbu shall be exempted from storage charges in Table (T)(4) for three months from the date of unloading.

5 Other ancillary services charges for transit and transshipped cargo

Any additional non-maritime services shall be charged and the party requesting the service shall provide the necessary materials. The actual cost shall be calculated as per the charges for used equipment and manpower according to Table (AS).

Table (AS): Charges of Additional Services

1 Charges of additional services for vessel owners or agents

1.1 Charges for Maritime Equipment - Floating Cranes

Item No.	Description	Rate in riyals	Unit
1.1.1	For each unit weighing up to 60 tons		
1.1.1.1	A crane of less than 200 tons	30	for each lifting operation of a ton or part thereof
1.1.1.2	A crane of 200 tons and more	50	for each lifting operation of a ton or part thereof
1.1.2	For each unit exceeding 60 tons		
1.1.2.1	A crane of less than 200 tons	80	for each lifting operation of a ton or part thereof
1.1.2.2	A crane of 200 tons and more	100	for each lifting operation of a ton or part thereof
1.1.3	In addition to the above charges (1.1.1 – 1.1.2), a charge shall be collected for the period the crane leaves its place until it returns		
1.1.3.1	A crane of less than 200 tons	300	per hour or part thereof
1.1.3.2	A crane of 200 tons and more	500	per hour or part thereof
1.1.4	Rental of a floating crane on an hourly basis from the time of its departure until its return		
1.1.4.1	A crane of less than 200 tons	3000	per hour or part thereof
1.1.4.2	A crane of 200 tons and more	5000	per hour or part thereof
1.1.5	Crane waiting time		
1.1.5.1	A crane of less than 200 tons	750	per hour or part thereof

Item No.	Description	Rate in riyals	Unit
1.1.5.2	A crane of 200 tons and more	1000	per hour or part thereof

Notes:

- Minimum crane charges in Table (AS) items (1.1.1), (1.1.2), and (1.1.3) shall be as follows:
 - o A crane of less than 200 tons: 750 Rate in riyals per trip
 - o A crane of 200 tons and more: 1000 Rate in riyals per trip

1.2 Charges for Maritime Equipment – Tugboats

Item No.	Description	Rate in riyals	Unit
1.2.1	Up to 1200 HP (or its equivalent in watt/ kilowatt)	660	per hour or part thereof from the time the tugboat leaves the dock until its return thereto
1.2.2	More than 1200 HP (or its equivalent in watt/ kilowatt) to less than 2000 HP (or its equivalent in watt/ kilowatt)	1650	
1.2.3	From 2000 HP (or its equivalent in watt/ kilowatt) to less than 4000 HP (or its equivalent in watt/ kilowatt)	2200	
1.2.4	4000 HP or more (or its equivalent in watt/ kilowatt)	3300	

Notes:

- The above charges in Table (AS) item (1.2) shall be collected in case of regular use. In emergency cases, such as rescue operations, firefighting, and the like, the charges shall be tripled.

1.3 Charges for Maritime Equipment – Pilotage Boats

Item No.	Description	Rate in riyals	Unit
1.3.1	Up to 500 HP (or its equivalent in watt/ kilowatt)	200	per hour or part thereof from the time the pilotage boat leaves the dock until its return thereto
1.3.2	More than 500 HP (or its equivalent in watt/ kilowatt) to less than 1000 HP (or its equivalent in watt/ kilowatt)	500	
1.3.3	1000 HP or more (or its equivalent in watt/ kilowatt)	800	

1.4 Charges for Maritime Equipment – Firefighting Vessels

Item No.	Description	Rate in riyals	Unit
1.4.1	Up to 1000 HP (or its equivalent in watt/ kilowatt)	2750	per hour or part thereof from the time the firefighting vessel leaves the dock until its return thereto
1.4.2	More than 1000 HP (or its equivalent in watt/ kilowatt) to less than 2000 HP (or its equivalent in watt/ kilowatt)	3850	
1.4.3	From 2000 HP (or its equivalent in watt/ kilowatt) to less than 4000 HP (or its equivalent in watt/ kilowatt)	5500	
1.4.4	4000 HP or more (or its equivalent in watt/ kilowatt)	11000	

1.5 Charges for Maritime Equipment – Anti-pollution Vessels

Item No.	Description	Rate in riyals	Unit
1.5.1	Up to 500 HP (or its equivalent in watt/ kilowatt)	3850	per hour or part thereof from the time the antipollution vessel leaves the dock until its return thereto
1.5.2	More than 500 HP (or its equivalent in watt/ kilowatt)	5500	

1.6 Charges for Maritime Equipment – Marine Survey Boats

Item No.	Description	Rate in riyals	Unit
1.6.1	Up to 1500 HP	3000	per hour or part thereof from the time the marine survey boat leaves the dock until its return thereto
1.6.2	More than 1500 HP	5000	

1.7 Charges for Maritime Equipment – Barges assisting in pollution control

Item No.	Description	Rate in riyals	Unit
1.7.1	Up to 200 tons (GRT)	3850	per hour or part thereof from the time the barge leaves the dock until its return thereto
1.7.2	More than 200 tons (GRT)	5500	

1.8 Charges for Maritime Equipment – Other Maritime Equipment

Item No.	Description	Rate in riyals	Unit
1.8.1	Mooring Boat	110	per hour or part thereof from the time the boat or vessel leaves the dock until its return thereto
1.8.2	Public Service Boat	110	
1.8.3	Diver Support Ship	800	
1.8.4	Fuel Supply Ship	500	
1.8.5	Cargo-Handling Barges	2	for each ton of the barge's loading capacity per day or part thereof

1.8.6 Hire of fender services for ship-to-ship transfer (STS) services in the port shall be charged at 561 SAR per fender per day or part thereof.

1.9 Charges for Pilotage

1.9.1 Pilotage charges shall be collected based on the total tonnage of a vessel size as follows:

Item No.	Description	Rate in riyals	Unit
1.9.1.1	500 tons or less	200	for each movement
1.9.1.2	More than 500 up to 3000 tons	500	for each movement
1.9.1.3	More than 3000 up to 15000 tons	1000	for each movement
1.9.1.4	More than 15000 tons and up to 50000 tons	1500	for each movement
1.9.1.5	More than 50000 tons	2000	for each movement

1.9.2 Pilotage charges for special services shall be 400 SAR per hour or part thereof.

Notes:

- Charges for additional pilotage services specified in Table (AS) item (1.9) are collected in addition to the charges specified in Table (AS) item (1.3).

- Such charges specified in Table (AS) item (1.9) shall also apply if the pilot arrives at the vessel, but his services are not utilized for reasons beyond his control.

1.10 Charges for Slipways

Item No.	Description	Rate in riyals	Unit
1.10.1	For the first day for vessels up to 36 meters long	2000	Per day or part thereof, including preparation and lifting works
1.10.2	For each of the following days for vessels up to 36 meters long	600	Per day or part thereof
1.10.3	For the first day for vessels longer than 36 meters	3000	Per day or part thereof, including preparation and lifting works
1.10.4	For each of the following days for vessels longer than 36 meters	1000	Per day or part thereof

1.11 Charges for using a non-commercial berth

Item No.	Description	Rate in riyals	Unit
1.11.1	Up to 20 meters long	100	per day or part thereof
1.11.2	More than 20 meters and up to 40 meters	200	per day or part thereof
1.11.3	Longer than 40 meters	500	per day or part thereof

1.11.4 Lay-by for Oil rigs/platforms shall be charged at 27 SAR/day/meter of quay length occupied or meter of LOA, whichever is greater.

1.12 Charges for oil barriers

Item No.	Description	Rate in riyals	Unit
1.12.1	Light or medium barriers	150	for 10m or part thereof per day or part thereof
1.12.2	Deep-water barriers	300	for 10m or part thereof per day or part thereof

1.13 Charges for supplying vessels with water

Item No.	Description	Rate in riyals	Unit
1.13.1	On berth	20	per ton or part thereof
1.13.2	Through barges	25	per ton or part thereof

1.14 Charges for providing services to vessels in the anchorage area:

Item No.	Description	Rate in riyals	Unit
1.14.1	Transfer of barrels using public service boats	30	per barrel
1.14.2	Transportation of supplies and the like using public service boats	250	per hour or part thereof from the time the boat departs from the dock until its return thereto
1.14.3	Vessel crew transfer boat hire	1000	

2 Charges of additional services for vessel owners or agents or for the owners of cargo

2.1 Charges for equipment for handling cargo – electric port cranes and mobile cranes

Item No.	Description	Rate in riyals	Unit
2.1.1	Less than 20 tons	300	Per hour or part thereof
2.1.2	From 20 tons to less than 30 tons	400	Per hour or part thereof
2.1.3	From 30 tons to less than 90 tons	500	Per hour or part thereof
2.1.4	From 90 tons to less than 200 tons	900	Per hour or part thereof
2.1.5	More than 200 tons	1150	Per hour or part thereof

2.2 Charges for equipment for handling cargo – forklifts

Item No.	Description	Rate in riyals	Unit
2.2.1	Less than 6 tons	100	Per hour or part thereof
2.2.2	From 6 tons to less than 10 tons	200	Per hour or part thereof
2.2.3	From 10 tons to less than 20 tons	300	Per hour or part thereof
2.2.4	20 tons and more	400	Per hour or part thereof

2.3 Charges for equipment for handling cargo – additional gear hire services for handling cargo within the terminal

Item No.	Description	Rate in riyals	Unit
2.3.1	Nylon/ Rope Slings	51	per day or part thereof
2.3.2	Wire Slings		
2.3.2.1	2.5 Tons	70	per day or part thereof
2.3.2.2	4.5 Tons	97	per day or part thereof
2.3.2.3	6.0 Tons	122	per day or part thereof
2.3.2.4	10 Tons	153	per day or part thereof
2.3.2.5	Over 10 Tons	240	per day or part thereof
2.3.3	Chain Slings		
2.3.3.1	Single	240	per day or part thereof
2.3.3.2	Double/Quadruple	316	per day or part thereof
2.3.4	Shackles		
2.3.4.1	up to 5 ton	10	per day or part thereof
2.3.4.2	up to 10 ton	16	per day or part thereof
2.3.4.3	up to 20 ton	61	per day or part thereof
2.3.4.4	More than 20 ton	77	per day or part thereof
2.3.5	Spreaders / Frame		
2.3.5.1	20ft spreader	464	per day or part thereof
2.3.5.2	40ft spreader	541	per day or part thereof

Item No.	Description	Rate in riyals	Unit
2.3.6	Chain hooks	464	per day or part thereof

2.4 Charges for equipment for transporting cargo – trailers and towing heads (except for container movement within the terminal or between the different terminals):
