Gulftainer Customer Advisory

Creation of E-Token

E-Token

Prior to getting your e-token ensure that you have created your account in the [GT Portal](#). To activate your E-token, kindly navigate on the TOS Portal as listed:

Navigation: TOS -> Enquiry -> Haulier Request

The screenshot shows the MACH Haulier Request form. The form includes fields for Haul Code, Container No, Truck No, and Haulier Request No. Below these fields is a table for 'Delivery Container Dtl's' with columns for #, Container No, ISO, Size, Clr Ht, Type, COA, FPD, BOE NO, and BOE DTIM. The form also has buttons for 'Clear', 'Retrieve', 'PDF', 'Save', and 'Exit'. Five callout boxes with red text and black borders point to specific elements: 1. 'Trucking Company Code' points to the Haul Code field; 2. 'Truck Number' points to the Truck No field; 3. 'Add Container' points to the '+ Add' button; 4. 'Save the trip details.' points to the 'Save' button; 5. 'Download Truck Slip' points to the 'PDF' button.

- This screen is used to generate a truck slip for accessing the terminal gates for drop-off or pickup of containers.
- The request can only be made if the container is cleared by customs, all charges are paid (cash customers)

Steps to follow:

- Enter the trucking company code or select from the look up
- Enter the truck number that will visit the terminal for pickup/drop-off
- Press “add container” button as shown to add a container for pickup

- You can add up to two containers per trip.
- Click the update button to add the container to the trip.
- Save the details of the trip by clicking the save button
- Download the Truck Slip document by clicking the PDF button.

TRUCK SLIP

ISSUE TIME: 5/3/26 11:10 AM

DRIVER :		HAULIER : ALWA-H					
VBS REFERENCE : 2948							
S No	Container	Line	F/E	Size	Type	GrossWeight	Pickup/Dropoff
1	SEGU4184292	COSC	F	40	HC	10.149	Pickup

NOT A LIFTORDER OR EIR
