Advisory No: GT/05-26/05

## **Gulftainer Customer Advisory**

Dear Valued Customers,

Please be advised that with immediate effect, all shunting movements of containers from Khorfakkan Container Terminal (“KCT”) to Sajaa Dry Port for customs clearance in the Emirate of Sharjah shall be subject to applicable transportation and handling charges payable by the consignee. Such charges shall apply whether the move is undertaken pursuant to KCT operational requirements, customer booking requests, or related Gulftainer Customer Advisories issued from time to time. The applicable charge for one-way trucking from KCT to Sajaa Dry Port shall be as per Momentum Logistics Customer Advisory No. [[ML Advisory-2.4.pdf](#)] (“Corridor Fee”), payable by the consignee.

The Corridor Fee does not include storage, handling and any other operational fees and charges arising at Sajaa Dry Port. Such charges shall be for the account of the consignee and invoiced accordingly.

All services and operations remain subject to applicable agreements and prevailing terms and conditions.

This Customer Advisory shall apply only to cargo and containers cleared in the Emirate of Sharjah. Charges and invoices for cargo and containers cleared in any other Emirate shall remain unchanged. For any clarification, please contact your usual commercial representative.

We appreciate your continued cooperation and support. For any clarification or assistance, please contact your usual Gulftainer representative.

Kind regards,

**Gulftainer Company Limited**

**Sharjah UAE**
