CUSTOMER ADVISORY – GT/26/033

Mandatory Customs Inspection and Documentation Requirements

Date: 03 November 2026

In accordance with instructions received from the local Customs Authorities, we would like to inform all customers of the mandatory inspection and documentation requirements applicable to export declarations where an **Insured Deposit Amount** is indicated.

For all such export declarations, the following requirements must be fulfilled:

- **Mandatory Customs Inspection:** All applicable export containers must undergo Customs X-ray scanning and physical inspection **(if Applicable)**.
- **Required Documentation:** Exit and Entry papers must be submitted separately for each container.
- **PRO Representative:** A designated PRO representative must be available to complete the necessary Customs clearance formalities.

Important: Customers are requested to ensure that all required documents and arrangements are completed in advance to avoid delays in Customs clearance, cargo processing, and container movement.

We appreciate your cooperation in ensuring compliance with these requirements and facilitating smooth and efficient cargo operations.

For further information or approval requests, please contact us at customersevice@gulftainer.com or scan below code for help.

Regards,
